## WAKA MEMORIES

Published by  
Wakarusa High School  
Wakarusa, Indiana

Throughout this year we have experienced many new and exciting adventures that have reflected on our lives in many ways. As we journey the road to the future, we hesitate to discard the past and yet we eagerly look forward to the future.

We, the staff, wish to extend our thanks to everyone who helped make this book a success.

MR. JAMES EATON

Mr. Eaton attended Nappanee High for three years and graduated from Claypool High School. He then attended Indiana Central, Indiana University, and Goshen College. He received his A.B. degree in social studies, biology, and physical education from Indiana Central.

He taught and coached at New Paris from 1935 to 1939, at Argos from 1939 to 1944, and at Wakarusa from 1944 to 1945. He then worked in the coal yards in Dowagiac from 1945 to 1950, was a partner in Freed's Shoe Store from 1947 to 1950, and was a salesman for NuWay Company from 1950 to 1953. He then came back to Wakarusa in 1953 and taught the fourth grade. He now teaches biology.

Mr. Eaton has a daughter, Jane, and his wife Mariellen.

His hobbies are gardening, fishing, and golfing. He is presently working on his M.S. in education at Indiana University.

MR. TED WESOLEK

Mr. Wesolek attended and graduated from North Liberty High School. He then attended Indiana State University. He taught at the Thorn-town High School previous to coming to Wakarusa.

He has a B.S. degree in physical education and a M.S. degree in social studies.

His wife's name is Carolyn and they have two children, Cathy Jo and Douglas.

He teaches government, economics, and driver education. This will be his fifth year at Wakarusa. He also has coached for five years.

His hobbies are golf and reading.

### AN OPPORTUNITY TO SERVE

An opportunity to serve awaits industrious young men and women at Northern Indiana Public Service Company. As one of the top gas and electric distribution utilities in the United States, NIPSCO is constantly looking for new processes and methods of efficient operation. These include atomic power generation, extra high voltage transmission, underground electric distribution, computerized system planning, underground storage of natural gas, community analyses and electronic data processing.

***Ready to grow with  
a growing company?***

### IN AN ATMOSPHERE OF GROWTH

NIPSCO is one of the highest-paying utilities in the State of Indiana. Its attractive employee benefit package—tuition refund plan, vacations, holidays, life insurance, comprehensive medical insurance, pensions, etc.—provides an atmosphere for individual growth. Fifteen leading colleges and universities are strategically located throughout its service area with others available in the greater Chicago area. Drop in. We'll be glad to talk jobs with you.

This is the only sign or symbol that Christ gave identifying Himself to be of  
Supernatural Lineage.

Lord Grant Mercy  
on  
"ONE NATION UNDER GOD."

1. The fin on top notes the Bible reference.
2. The eye shows the world for which Christ shed his blood.
3. The empty cross in context of the fish is a symbol of His Resurrection.
4. The plain fish was the first known symbol of the Christian Faith found on the tombs of Believers.
5. Later it was found that in Greek-ICHTHUS simply meant "fish" and nothing more. In early Christian symbolism the five Greek Characters were used as a rebus meaning "Jesus Christ, God's Son, Savior."

THANKS  
To Our Advertisers

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.2 million (Office for National Statistics 1999).

There is a growing awareness of the need to develop services to meet the needs of older people, and the need to ensure that the services that are developed are based on evidence of what works. The Department of Health has funded a number of research projects to develop evidence-based services for older people, and the Health Research Council has funded a number of research projects to develop evidence-based services for older people.

The Health Research Council has funded a number of research projects to develop evidence-based services for older people. The Health Research Council has funded a number of research projects to develop evidence-based services for older people. The Health Research Council has funded a number of research projects to develop evidence-based services for older people. The Health Research Council has funded a number of research projects to develop evidence-based services for older people.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 5.5 million women employed in the public sector in 1995, compared with 4.5 million in 1980.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in its workforce. In 1995, 88% of the public sector workforce were women, compared with 78% in 1980. This is due to a number of factors, including the fact that the public sector has a high proportion of jobs that are traditionally held by women, such as teaching, nursing, and social work. Another reason is that the public sector has a high proportion of jobs that are part-time or flexible, which are more attractive to women.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in its workforce. In 1995, 88% of the public sector workforce were women, compared with 78% in 1980. This is due to a number of factors, including the fact that the public sector has a high proportion of jobs that are traditionally held by women, such as teaching, nursing, and social work.
